IDHR Fair Housing Seminar + Guidebook Release

Friday, April 20, 2018

9:00 a.m. - 11:30 a.m.

John Marshall Law School

304 S. State St. - Room 420
Chicago, IL

This year marks both the Illinois Bicentennial* and the 50th Anniversary of the Federal Fair Housing Act, a law that protects persons from discrimination in the sale or rental of a home. To honor these important milestones, the Illinois Department of Human Rights (IDHR) is hosting a fair housing seminar featuring the release of its **new** Guidebook for Housing Professionals on Reasonable Accommodations and Modifications.

The Illinois Department of Human Rights and the Illinois REALTORS® will open the event with welcoming remarks. A brief plenary will follow on the importance of leveling the housing field for persons with disabilities. A seminar led by contributing authors will highlight key segments of the Guidebook. Attendees will receive a complimentary copy of the Guidebook during this portion of the event.

IDHR is proud to host this important event with our sponsor:

**The Illinois Department of Human Rights (IDHR) celebrates the Illinois Bicentennial through its 2018 [Fairness and Equality Campaign](#), an initiative focused on partnering with municipalities and other entities to organize several public events, training opportunities, press conferences and other activities throughout the year that help inform individuals about the many functions of the agency, the protections offered under the Illinois Human Rights Act, and how to access the Department when necessary.*
